CAREER OBJECTIVE

Seeking employment for this upcoming Summer or Fall 2021 in the oil and gas industry.

EDUCATION

Texas A&M University College Station, TX	B.S. in Petroleum Engineering Engineering Honors Program 3.23 Overall GPA, 3.11 Major GPA	Expected Graduation May 2021
--	---	---------------------------------

WORK HISTORY

Everest Energy Partners – Reservoir Engineering Intern Summer 2020
Remote

- Predicted future production of wells by creating decline curve analyses with previous production data
- Created a discounted cash flow spreadsheet to determine if certain leases or wells would be economically viable to purchase and produce
- Gave input on possible new acquisitions to pursue and possible price tags

Apache Corporation – Petroleum Engineering Field Intern Summer 2019
Midland, Tx

- Worked with pumpers on general well maintenance, identifying surface issues and obtaining well data
- Witnessed various well services such as the TA of a well, replacing pumps, various fishing jobs, amongst many others
- Shot and verified fluid levels of 100% run time wells and analyzed well data to find solutions that would maximize production and efficiency
- Assisted in diagnosing downhole issues and recommending possible operational changes

Monreal Framing – Laborer Summer 2017
Austin, Tx Summer 2018

- Cut, split and transported wooden logs
- Cleaned out houses after framing work
