

RONALD “LOGANN” SPINKS

logannspinks@tamu.edu

(832)-652-0074 / <https://www.linkedin.com/in/rs1998/>

QUALIFICATIONS

- Strong mental and physical work ethic capable of performing under pressure in an organized and innovative manner
- Highly motivated with teamwork, leadership, communication, and critical thinking skills developed through rigorous coursework, industry experience, and professional organization leadership positions
- Unique experience of the global energy industry from living abroad in the Philippines and Trinidad and Tobago for nine years

EDUCATION

Texas A&M University		College Station, TX
College of Engineering	Bachelor of Science in Petroleum Engineering Minor in Engineering Project Management Major GPA – 3.4 Overall GPA – 3.1	May 2022
Mays Business School	Certificate: Petroleum Ventures Program	

LEADERSHIP

Petroleum Ventures Program – <i>Communications Director</i>	August 2021 – May 2022
Society of Petroleum Engineers – <i>Sporting Clays Committee Director</i>	August 2019 – May 2020

EXPERIENCE

Halliburton – *Production Enhancement Intern*; Victoria, Texas. May 2021 – August 2021

- Developed an app using Microsoft Power Suites in order to increase the efficiency of pad transitions, assist crews with keeping track of transition tasks, and notify crews with reports when transition tasks were completed
- Led and collaborated with team members to achieve a common goal for the app
- Learned hydraulic fracturing processes on single wells, zipper manifold wells, and simultaneous fracturing jobs by visiting pad sites in the Eagle Ford with engineers

PetroLog International – *Intern*; Lafayette, Louisiana. May 2019 – August 2019

- Interned on rig drilling 12,000 feet TVD, 5000 feet lateral in Austin Chalk formation and worked on an offshore jackup rig drilling 18,000 feet TVD in the shelf
- Analyzed formation samples by comparing cuttings, monitored gas, and relayed information to geologists
- Used gamma ray and resistivity data to create mud logs and determine lithology

Fluor Corporation – *Shadower*; Sugar Land, Texas. August 2016

- Learned basics of process engineer software and simulations
- Shadowed Engineer on KNPC Al-Zour Oil Refinery Project
- Educated on midstream process engineering procedure

General Nutrition Center – *Sales Associate*; Katy, Texas. May 2017 – August 2017

- Performed closing and opening procedures
- Communicated with customers to reach sales goals
- Oversaw daily and weekly store finances

ADDITIONAL INFORMATION

Petroleum Ventures Program: Highly competitive, interdisciplinary certification program providing finance and petroleum engineering students unparalleled exposure to energy finance, investment, entrepreneurship, and industry leaders.

Related Coursework: Petroleum Entrepreneurship, Project Evaluation, Deterministic Reserves Evaluation, Production Engineering, Investment Analysis

Computer Skills: MS Power Apps, MS Power Automate, MS Office, CMG, @Risk, Harmony, Spotfire, Drillinginfo, Python

Professional Affiliations: Society of Petroleum Engineers, American Association of Drilling Engineers

Interests: Investing, Entrepreneurship, Fishing, Hunting, Traveling
